WINE EXPERTS

Three of Life is a collaboration between Founder and Cidermaker Peter Yi and his son, Richard, a recent graduate of Cornell's Viticulture & Enology program.

WINEMAKER'S TASTING NOTES

This is the farm's first Pet-Nat cider -- a bottle-conditioned, naturally sparkling cider with rich and complex character. It is also made with the first harvest of their baby apple trees from Twin Star Orchards, making Three of Life extra special.
