FÉLIX LORENZO  
**CACHAZO**

---

## The evolution

From the centuries-old underground wine cellars, excavated by our ancestors, we moved our winery to new modern facilities with all the necessary equipment to carry out an ideal winemaking process..

## Our location

Our winery is located in the village of Pozaldez in the Denomination of Rueda (D.O. Rueda). This is a town with long traditions of winemaking, as expressed by its name Pozal de Hez (abundance of wine).

## Modern facilities

Here in our village we have constructed our winery with modern facilities and a production capacity of more than 1.400.000 litres. All this without losing the essence of our ancestors and their passion for winemaking, maintaining ourselves as one of the few founding family wineries in the area. 1.400.000 litres.

The success we have experienced during the past years, has led us to expand our winery; we have constructed a new modern winemaking area attached to the existing winery, accompanied by a “social area” for wine tastings and gatherings, and a cellar for our sparkling wines.

# SPAIN

**WINERY:** Felix Lorenzo Cachazo

## Gran Cardiel Rueda

**GRAPE:** Verdejo, Viura

### WINE EXPERTS

Felix Lorenzo Cachazo one of the founders of D.O. Rueda, is a pioneer in reinventing and marketing young verdejo wines of this region. Woman winemaker, Ángela Lorenzo Heras, crafted this blend of 60% Verdejo and 40% Viura to show off the beauty and elegance of the wine-ries pre-phylloxera vines that are planted in sandy and stony soils.

### WINEMAKER'S TASTING NOTES

A young white wine with intense herbal aromas of fennel, aniseed and balsamic. Extended maturation on the fine lees creates a voluminous silkiness to the stone fruit flavors of peach and quince. Fruity and fresh on the palate, with bright acid and a long finish.
