

ARGENTINA

WINERY: Jelu

JELU TORRONTÉS

GRAPE: Torrontésr

WINEMAKER'S TASTING NOTES

The well-tended Torrontés grapes are hand-harvested from high altitude vineyards - 900 meters, and create a fine, aromatic wine. This high-elevation glacial valley produces distinctive wines that are bright, lively and truly expressive of both the wine-maker's (Duncan Killinger) passion and the San Juan region itself.
