## Jelu

### Winemaking & vineyard

---

Winemaking & vineyard: Jelu was established to showcase Argentina's terroirs. Duncan (owner) saw the potential in the 1990's as a "flying winemaker" and established Jelu Estate in 2002. Practicing organic and biodynamic farming techniques make his wines unique. Patagonia is well known for world-class outdoor adventures. Also, perfect climate for Pinot Noir and Duncan discovered it early on his journey as a winemaker. The grapes are hand-harvested, sorted in the cellar with as short period of carbonic maceration followed by crushing and cold soak. The wines ferment completely dry with balanced levels of acidity and alcohol. The high-elevation and Patagonian climate help produce this distinctive Pinot Noir, which shows Duncan's passion for its wines and the terroir.

**WINERY:** Jelu

## **JELU MALBEC SAN JUAN**

**GRAPE:** Malbec

### **WINEMAKER'S TASTING NOTES**

Intense red color with purple reflections. In the nose, fruity aromas, with subtle notes of plum, black pepper and spiciness. Structured red wine in the palate, medium to full bodied and round tannins. Aged 9 to 12 months in second used French oak, which gives this Malbec hints of vanilla. Very well balanced and elegant finish.

## **JELU PINOT NOIR NEUQUEN**

**GRAPE:** Pinot Noir

### **WINEMAKER'S TASTING NOTES**

Red cherry color with purple hues. Rich aromas of black cherry and plum are the predominant scents, with hints of black and green pepper. A medium bodied Pinot aged 9 to 10 months in 3rd and 5th used French barrels, which gives this wine complexity and hints of tertiary aromas. Very well balanced with a persistent finish gives this wine complexity and hints of tertiary aromas. Very well balanced with a persistent finish.
