WINE EXPERTS

The Valdelana family makes wines for people with sensibility, people who can perceive and appreciate the work and passion that is inside a bottle, in each drink we try to seduce in the aftertaste, most important part of memory being this one that embraces the rest of the senses.

- **Juan Jesús Valdelana (winemaker)**

WINEMAKER'S TASTING NOTES

Fruity on the nose, this wine is well balanced, with balsamic notes and sweet spice derived from the oak in the background. On the palate, dark black fruits and sweet spice (vanilla and cinnamon) are repeated. This crianza offers a combination of fruit and oak in a powerful and elegant wine. A long and intense finish shows touches of chocolate covered tropical fruits.
