GRAPE: Mencia

### WINE EXPERTS

Ribeira Sacra could be defined as one of inland Galicia's best-kept secrets. With much less humidity than its eastern neighbor, Rias Baixas, this region is known for producing wines with incredible concentration, expressive of the local terroir. This incredible Mencia shows a natural freshness and is a perfect example of the best wine making in the region.

### WINEMAKER'S TASTING NOTES

This wine shows a luscious concentration of forest fruits and potpourri'd violet. Eucalyptus aromas proceed a gorgeous texture that make this wine a delightful expression of these sacred Galician vineyards. With a truly vegetal expression, this shows the perfect harmony between light, spicy herbal notes that are enhanced by floral fruits.
