GRAPE Godello

## WINE EXPERTS

Ribeira Sacra could be defined as one of inland Galicia's best-kept secrets. With much less humidity than its neighbor, Rias Biaxas, this region is known for producing wines with incredible concentration, expressive of the local terroir. As the region's most popular white grape, this Godello has developed an unforgettable saline minerality. Its slick leesy texture not only keeps the acid in check, but adds body and definition.
