## WINE EXPERTS

Beautiful hints of dried orange peel aromas. The palate has a meaty core with grippy skin-tannins driving the finish. Drink now.

## WINEMAKER'S TASTING NOTES

Aromatic and inviting on the nose, this opens with notes of stone fruits and soft floral aromas. On the palate, an underlying minerality adds a crisp bite to the palate. Complex fruit flavors and mineral notes round out a long, refreshing finish, with surprising depth and body.
