WINE EXPERTS

Overlooking the Atlantic coast of northern Spain (Pais Vasco), the indigenous grape species of this wine grow on pergolas. Using sustainable farming, this Txakolí is produced in the classic style of the Getariako region – slightly effervescent, briny, incredibly dry and lively.

WINEMAKER'S TASTING NOTES

This coastal wine screams salty summertime sunshine, despite its rainy origin. Margarita-like lime kick with all kinds of beach fizz, briny ocean water and notes of aloe. A classic Getariako Txakoli style to quench your adult thirst this summer.
