WINERY: Uva de Vida

Biográfico

GRAPE: Tempranillo/Granciano

The Washington Post

★★★★☆ Extraordinary / sublime

This beautiful red wine is vibrant and lively, featuring a type of energy wine fiends call “nervosité.” Boysenberry and blackberry flavors dominate at first, with more mineral and earthy notes emerging a few hours — or even the next day — after opening. Every sip offers a different flavor nuance. No added sulfites. Member of La Renaissance des Appellations, an organization promoting natural and biodynamic wines. **Certified biodynamic and organic. Vegan.**

Dave McIntyre

WINEMAKER'S TASTING NOTES

Gulp/Hablo (ah-blow) is just word-play on gulp-able and this 100% biodynamic Verdejo from Spain is exactly that! It is delightfully refreshing with medium body and crisp acidity. The flavors are of lush lemons, apricots, a dash of grapefruit plus an underlying herbal minerality.
