WINE EXPERTS

Another Ribera del Duero with big black-fruit aromas, full body and serious tannins to match, but in this case there is better balance and more tension than most. Better from 2019 and good for at least another five years after that.

WINEMAKER'S TASTING NOTES

A dark cherry-red colour with elegant aromas of ripe fruit, fine spices, minerals, truffle, coffee and black tea.

In the mouth it is very well-structured with a full body, yet showing great finesse. It's velvety texture and multiple layers of flavor take center stage in this particularly refined wine. You can expect a very long, and clean finish.
